

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Moss Vale

report date 11 Oct 2017

Yarding Change 520
64

comparison date 04/10/2017

There was a slight increase in numbers for a total yarding of 520 good quality cattle. The bulk of the offering was made up of yearlings and weaners and some good lines of cows and grown steers. All the usual buyers were in attendance with additional competition from a northern region buyer. The market was dearer in most categories. Vealer steers suiting the trade were limited, but those that were suitably finished attracted keen interest with the steers topping at 351c and the heifers reaching 344c/kg. Light weight weaner steers returning to the paddock were dearer, ranging from 262c to 329c and the heifer portion were also dearer and sold from 240c to 307c/kg.

Yearling steers to processors were up to 10c dearer to average 303c/kg. The best of these steers made 331c and the few offered which suited feeder orders were also dearer to average 274c/kg. Yearling heifers were also dearer with those going to processors ranging from 250c to 349c and those going to feeders averaging 260c/kg.

Grown steers were up to 5c dearer, topping at 265c/kg. There were not enough grown heifers to quote. D2 cows were up to 12c dearer, selling from 190c to 204c and heavier D4 cows averaged 208c/kg. Cows and calves topped at \$1,360/unit. The best heavy weight bull topped at 271c/kg.
