

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Moss Vale

report date 06 Feb 2019

Yarding Change ⁸⁹⁵/₃₀₅

comparison date 30/01/2019

A mixed quality offering saw numbers increase by over 300 head. There was some excellent runs of well finished vealers, a few good runs of grain assisted yearlings, cow numbers more than doubled and over half of the offering was made up of secondary cattle. All usual buyers were operating, competing in a variable market.

Well-bred and finished vealers to suit local butchers lifted 9c selling from 260c to 320c/kg. The 330kg to 400kg yearling steers to suit the trade were 16c dearer, selling from 230c to 315c and yearling steers over 400kgs eased by up to 24c to average 247c/kg. Trade yearling heifers to processors were 11c to 29c cheaper ranging from 220c to 306c/kg. Feeder steers varied considerably with those under 400kgs, up to 16c dearer topping at 293c and those over 400kgs slipping by 13c, to average 246c/kg. There was not enough feeder heifers to quote. Weaner steers to suit restockers created erratic bidding with prices fluctuating from 210c to 318c/kg. The weaner heifers returning to the paddock, were mostly cheaper, a reflection on quality, selling from 170c to 220c/kg.

Well finished grown steers over 600kgs lifted 6c topping at 258c/kg. The D2 cows were firm to 2c cheaper, averaging 167c and the heavy D3 cows lifted 2c topping at 210c/kg. Heavy cows showing a lot of condition were up to 25c cheaper to average 181c/kg. Heavy bulls were 8c to 15c dearer with the best reaching 239c/kg.
