

Detailed Saleyard Report - Cattle

Market information provided by MLA's National Livestock Reporting Service

Moss Vale

report date 10/04/2019

Yarding 1350
 Change 80

comparison date 03/04/2019

Cattle numbers increased and the quality was fair to good. There were some outstanding lines of supplementary fed yearlings to suit the trade, several good runs of prime vealers and feeder steers and a large percentage of younger cattle to suit restockers. Prime cattle sold to a dearer trend, as restocker weaners were primarily firm and cows sold to a cheaper market.

Prime vealers to processors were firm to 8c dearer, making from 255c to 353c/kg. High yielding and well finished yearling steers to suit the trade gained up to 30c, making from 244c to 342c/kg. 330-400kg Yearling heifers to processors lifted 13c to average 284c and those over 400kg were mainly firm to average 267c/kg. Ideal middle weight feeder steers were 14c stronger, receiving from 245c to 316c and the heifer portion were 10c cheaper to average 241c/kg. Weaner steers to suit restockers saw prices fluctuate depending on breed and weight making from 170c to 305c/kg and the heifer portion returning to the paddock were significantly cheaper.

Heavy weight grown steers sold to weaker demand, with the best reaching 255c and grown heifers were up to 34c cheaper to average 197c/kg. Medium weight D2 cows were back by 12c, making from 140 to 175c and the heavy 4 score cows saw prices decrease up to 25c, receiving from 186c to 210c/kg. The best heavy weight bull reached 230c/kg.
